5 Provision of Contributions

5.1 Indexation of Amounts payable by Developer

Each Contribution Works Value will be increased (with the calculation to be made as from the date the relevant Contribution is required to be provided to Council under this document) in accordance with the following formula:

$$A = \frac{B \times C}{D}$$

where:

A = the indexed amount;

B = the relevant amount as set out in this document;

C = the Index most recently published before the date that the relevant payment or the calculation with respect to the relevant amount is to be made; and

D = the Index most recently published before the commencement date of this document.

If **A** is less than **B**, then the relevant Contribution Works Value will not change.

5.2 Conduct of Works

If a Development Consent is granted, the Developer, at its cost, must:

- (1) obtain development consent, and any other form of consent required by a relevant Authority, for the construction and use of the Works;
- (2) carry out and Complete the Works to the reasonable satisfaction of the Council in accordance with **Schedule 3**; and

 - (b) Notify the Developer in writing that it does not approve of the design and specification and provide the Developer with reasons for this.
 - (5) If Council notifies the Developer in writing that it does not approve of the design and specification, the parties shall consult in good faith to finalise an approved design and specification for the Work and, if those consultations are unsuccessful, the Developer may:
 - (a) elect to amend the design and specification and submit to Council the amended design and specification in which case the approval process set out in this clause 5.3 applies to that amendment; or
 - (b) if the Developer does not agree with the modifications requested by Council, then, it may refer the relevant matter for dispute resolution in accordance with this document.

5.4 No credit or reimbursement

- (1) If the Developer's actual cost of carrying out the Works are greater than the Contribution Works Value for those Works, then the Developer is not entitled to claim credit or reimbursement, as the case may be, for the difference.
- (2) If the Developer's actual cost of carrying out the Works are less than the Contribution Works Value for those Works, then Council is not entitled to make any claim (including a claim for contributions under the Act) for the difference.
