

LISGAR GARDENS - AMENITIES UPGRADE

CONSTRUCTION NOTIFICATION

Council will shortly be commencing upgrade works to the amenities at Lisgar Gardens, in accordance with community consultation undertaken in 2022.

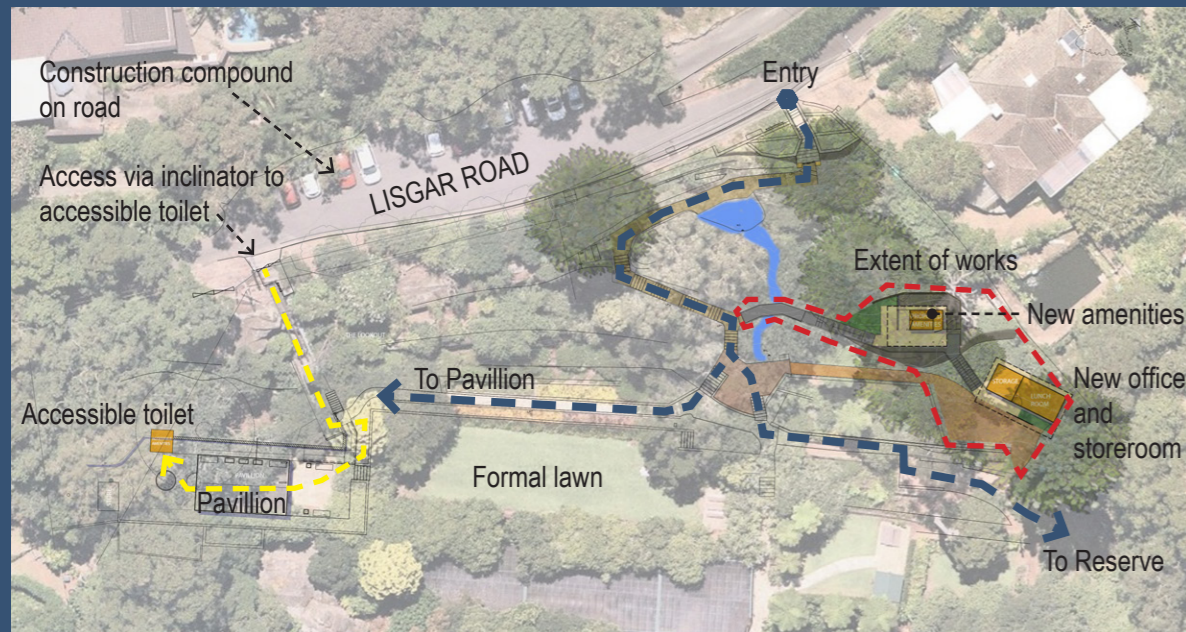

The works will include:

- Demolition of the existing public toilets and work shed
- Construction of a new amenities building and new office/ storeroom
- Associated path upgrades

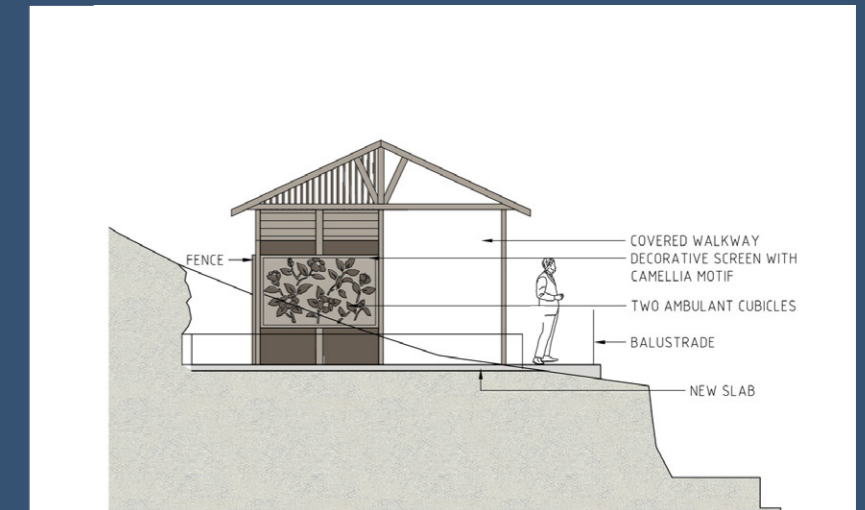

Demolition works are scheduled to be undertaken in late September and building works in October to December 2023.

The works are localised to the upper eastern corner of the gardens.

At times some other areas may have limited access due to construction activities. The existing accessible toilet will remain open. We appreciate your understanding and patience while works are undertaken.
